The London Churches Refugee Fund (LCRF)

Asylum seekers receive less than £6 per day to live on while their claims are processed, and some are not even eligible for that. The government has deliberately created a hostile environment and is now seeking to criminalise those arriving in the UK. Many vulnerable people fall through the cracks of the system and become destitute.

LCRF gives small grants to numerous organisations working with destitute refugees and asylum seekers across London. Your donation will be spent on essential items for individuals and families, such as:

Food or supermarket vouchers

Travel cards and bus passes

Phone top-ups

Nappies, baby milk and hygiene packs

One-off emergency payments
